JACKETS

DEFCON 5 - REVERSIBILE JACKET WITH COMPRESSION BAG

CODE: D5-20091 OD/T

BRAND: DEFCON 5 - 2026

Construction and thermal insulation
Insulated jacket designed to provide protection and comfort in cold weather conditions. The jacket features an **outer and inner layer made of 100% NYLON TASLAN**, combined with **140 g/m² THINSULATE® insulation**.

THINSULATE® insulation
The **140 g/m² THINSULATE® insulation** helps retain body heat, providing effective thermal insulation without adding excessive bulk. The jacket has been **used and tested down to -10°C**.
