## SCARFS AND BELTS

### DEFCON 5 - SENTINEL BELT

**CODE: D5-DB07**

Tactical duty belt designed for professional use in military, law enforcement, and security applications. Engineered for maximum durability, stability, and operational reliability.

#### **High-rigidity operational structure**

Made from nylon/Cordura®, it integrates a high-rigidity internal polymer core that reduces twisting and ensures stability during dynamic movement and load carriage.

#### **Enhanced comfort and ventilation**

The padded and thermoformed interior improves airflow, comfort, and fit during extended use while reducing pressure points.

#### **Secure fastening system**

The inner hook-and-loop belt ensures fast, stable, and secure attachment, improving overall belt retention.

#### **Buckle and gear management**

Equipped with a 3-point safety buckle and sliding polymer loops designed for efficient and modular equipment management.

#### **Available sizes**

I – 115 x 5 cm  
II – 140 x 5 cm  
III – 165 x 5 cm

Rugged, stable, and mission-ready, it is a reliable solution for professional operators.
