## TACTICAL VESTS AND BELTS

### DEFCON 5 MULTIROLE RECON CHEST RIG

**CODE: D5-RC906**

**BRAND: DEFCON 5 2024/2025**

The chest rig, equipped with shoulder straps and lumbar belt, can carry a front ballistic plate, chest and abdominal area, housed in the special resealable compartment.

Made of high quality 900 Denier Polyester, each seam is reinforced to ensure maximum resistance in moments of high activity.

The shoulder straps are used in two ways: either crossed on the back, offering an optimal solution for those who work on board vehicles, or loops around the shoulders in order to leave the back free and work best with backpacks.

The chest adjustment is ensured in three points: a lumbar strap with double fastex buckle, a velcro strap for shoulder adjustment and two back straps with sliding buckles for shoulder strap adjustment.

The chest rig is configured to carry 6 cal. 5.56 x 45 mm NATO including 2 quick-release and two 9-gauge short weapon magazines.

A detachable medical / cargo pocket is also provided for immediate use in emergency situations, an "admin" map pocket and an exhausted tank pocket.

**COLOR:** OD GREEN , ITALIAN CAMO , BLACK , COYOTE TAN
