## BAGS AND BACKPACKS

### WOLFSTRIKE MODULAR BACKPACK 50 LT

**CODE: D5-S100028**

**BRAND: DEFCON 5 - 2026**

When the mission lasts for days and the load makes all the difference, you need a rucksack that never lets you down.

This 60-litre rucksack has been designed for those who work in the field, for those who cannot afford mistakes and for those who demand total control over their equipment.

The 600D polyester guarantees extreme abrasion resistance, while the laser-cut MOLLE system offers uncompromising modularity and a clean, modern, operational profile.

The full zip opening allows for quick extraction of equipment even in critical situations, while the removable internal pockets and organiser panel allow you to adapt the rucksack to any mission, any environment, any need.

Rain, mud, dust: the included waterproof backpack cover protects your load when conditions become hostile.

Reliable. Configurable. Ready to follow you wherever the road ends.

This is not just a backpack. It is part of your operational asset.
