## MADE IN ITALY CLOTHING

### DEFCON 5 SOFT SHELL JACKET

**CODE: D5S-BR2247/1**

**BRAND: DEFCON 5 2024/2025**

Made from a modern and technologically advanced fabric, this Soft Shell jacket is designed to offer maximum comfort and reliable protection in any situation. The outer material is treated with water-repellent PTFE, ensuring excellent resistance to moisture, while the inner brushed micro-fleece provides enveloping warmth without compromising the lightness of the garment.

#### **Main features:**

- **Soft Shell Fabric** - Extremely soft and lightweight, it allows great freedom of movement while keeping the body protected from the elements.
- **Comfort and warmth** - The brushed micro-fleece lining ensures excellent thermal insulation, maintaining an ideal temperature even on the coldest days.
- **Water-repellent treatment** - The PTFE outer coating offers water resistance, protecting against light rain and splashes without compromising breathability.
- **Material composition** - 80% polyester, 14% polyurethane and 6% elastane: a combination that guarantees durability, elasticity and resistance, ideal for those who need a high-performance technical garment in any condition.

#### **Versatile and functional**

Perfect for outdoor activities, operational work and variable weather conditions, the Soft Shell jacket is the ideal choice for those seeking the perfect balance between comfort, protection and performance.

**COLOR:** OD GREEN , BLACK , COYOTE BROWN

**SIZE:** XS , S
