TACTICAL ACCESSORIES

HIGHLANDER - DUCKS RAINCOVER (35-45LT)

CODE: HL-ACC062 RG

BRAND: HIGHLANDER

Waterproof backpack cover designed to provide effective protection for 35–45L packs in outdoor and operational environments. Lightweight, compact, and durable, it is ideal for field use.

Reliable waterproof protection

HH 5000 mm waterproof rating with taped seams ensures effective protection against rain and moisture even during prolonged exposure.

Lightweight technical materials

Made from 70D Ripstop nylon, combining lightness, tear resistance, and operational durability.

High-reliability components

Equipped with Duraflex buckle and metal drainage eyelet for secure and functional water management.

Compact and practical system

Includes a self-stowing mesh pouch for quick and minimal transport.

Responsible choice

PFC-free coating reduces environmental impact without compromising performance.

An essential accessory for operators who require immediate and reliable gear protection in the field.
