TACTICAL ACCESSORIES

HIGHLANDER - KESTREL BIVVY BAG

CODE: HL-BIV004 OD

BRAND: HIGHLANDER

Tactical/military bivvy bag designed to provide protection, rapid deployment, and reliability in extreme operational and outdoor environments. Lightweight and compact, it is built for immediate field use.

Reliable waterproof protection

Up to 4.000 mm HH waterproof rating with taped seams, ensuring effective protection against rain, moisture, and harsh weather conditions.

High-resistance technical materials

Made from Ab-Tex Polyester Ripstop, combining durability, tear resistance, and operational reliability.

Functional operational design

Integrated hood with drawcord adjustment, elastic opening, and wide chest area for improved comfort and usability.

Fast deployment and compact design

Lightweight and highly compressible structure, ideal for rapid setup in emergency or field bivouac situations.

An essential item for operators who require immediate, reliable, and minimal shelter in the field.
