## TACTICAL ACCESSORIES

### HIGHLANDER - SURVIVAL KIT WITH WATERPROOF CASE

**CODE: HL-SUR020**

**BRAND: HIGHLANDER**

This kit is designed around the fundamentals of survival: fire, navigation, cutting, signalling, and repair. Every item serves a clear purpose. Compact and weighing just 540 g, it is built to be carried and actually used in the field.

The waterproof hard case keeps the contents protected from water, impact, and dirt, ensuring readiness in any scenario: hiking, bushcraft, camping, travel, or home emergency preparedness.

#### Core survival functions

- **Light & signalling:** LED flashlight for visibility and communication
- **Fire starting:** flint & steel fire starter that works in wet and cold conditions
- **Cutting & processing:** folding lock knife, wire saw, and sharpener
- **Navigation backup:** button compass for basic orientation
- **Emergency signalling:** whistle integrated into paracord bracelet
- **Repair & utility tools:** paracord, carabiners, and multi-tool spoon
- **Last-resort tool:** tactical pen with window breaker for emergency exit or defensive use

Every component is selected to support a critical survival function in real-world conditions.

**Note:** sold only to users 18+, as it includes a locking folding blade.

Weight: 540 grams

**WEIGHT (KG):** 0.54
