BAGS AND BACKPACKS

OUTAC MULTIROLE BACK PACK

CODE: OT-30001

BRAND: OUTAC

The backpack is structured by a main pouch and four other large pockets. The dorsal part is designed to give maximum comfort to the user.

The two outer hooks, perpendicular to the axis of the dorsal, allow the fixation of material to the outside of the backpack, also helped by an adjustable elastic.

It has a double carrying handle and evacuation reinforced with non-slip material, providing greater "grip" in the socket.

Interesting is the top pocket, completely independent from the rest of the bag, allowing easy access of basic necessities, keeping it tidy and well divided. The MOLLE system allows you to attach additional tactical pockets, providing the operator with a complete organization of its material.

The lumbar belt is padded and can be adjusted by straps and sliding buckles.

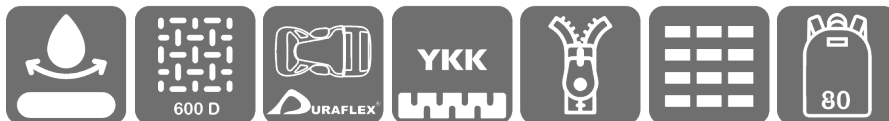

Dimensions : 40 x 65 x 31 cm

COLOR: OD GREEN

WEIGHT: 2.70 KG

DIMENSIONS: 40 CM X 31 CM X 65 CM
