TACTICAL ACCESSORIES

SUREFIRE HELMET LIGHT MOUNT(TANGO DOWN ADAPTER)

CODE: SA-FA

BRAND: SURE FIRE

The **SFHL mount** is a cost-effective and versatile solution for hands-free lighting. Designed for use on ball caps, vehicle sun visors, and various accessories, it allows full use of Surefire helmet lights without the need for additional equipment.

Simply transfer the light from the helmet to the cap or the desired surface to obtain practical and functional illumination. The SFHL mount is compatible with Surefire Helmet Light HL-1A via the D-TN interface and is easy to install thanks to the detailed instructions included.

Main features:

- **Universal compatibility** – Easily mounts on ball caps or wide-brimmed hats.
- **Surefire compatible** – Specifically designed for Helmet Light HL-1A.
- **Practical and versatile** – Enables flexible use and enhances the functionality of Surefire lights.
- **Made in USA** – A guarantee of quality, durability, and reliability.

An essential accessory for those seeking efficiency and practicality during operational or outdoor activities.
