UYN WOMAN DEFENDER LIGHT HIGH SOCKS

CODE: UYN-S100298

BRAND: UYN

The Cool Air Flow sports socks are designed to provide high performance and comfort during intense activities. Thanks to its innovative 3D micro-channel structure, it promotes optimal airflow, keeping your feet dry and at an ideal temperature, even in the most extreme conditions.

Key Features:

- **3D Micro-Channel Structure:** The advanced micro-channel technology promotes continuous airflow, preventing moisture and keeping your feet dry throughout the activity.
- **Anti-Impactor:** The 3D mesh front is designed to absorb shocks, protecting your feet from mechanical stress while ensuring effective ventilation.
- **Target Compression Bandage:** The asymmetric double bandage provides targeted ankle support, with integrated breathability for constant freshness.
- **Preshock Shield:** The 3D mesh structure protects the sensitive Achilles tendon, absorbing impacts and reducing the risk of injury during quick and intense movements.
- **Ergologic Footbed:** The anatomical insole is designed to provide maximum support during athletic movements and pressure, optimizing comfort and stability.

These socks are the ideal solution for those seeking effective protection, support, and ventilation during training, outdoor activities, and sports.
