EYEWEAR AND GOGGLES

WILEY X - BRAVO CRYSTAL TAN FRAME WITH CAPTIVATE™ POLARIZED TUNGSTEN LENSES

CODE: WY-AC4BRV04

BRAND: WILEY X

The WX Bravo is built to deliver protection, comfort, and reliability throughout demanding workdays while maintaining a clean, professional appearance beyond the job site.

Tough and durable construction

Made from ultra-durable Triloid™ nylon, engineered to withstand impacts, daily wear, and harsh working environments.

Modular side protection

Removable side shields provide additional lateral coverage when required, increasing protection without compromising comfort or style.

All-day comfort

Balanced full-frame design and low-profile temples ensure a secure and comfortable fit throughout extended wear.

Enhanced visual performance

CAPTIVATE™ Polarized Grey lenses improve contrast, reduce glare, and optimize visual clarity in outdoor environments.

Advanced eye protection

- 100% UVA/UVB protection
- High-Energy Visible (HEV) blue light protection
- Reduced glare from reflective surfaces
- Enhanced contrast and color perception

Optimized for

- Bright sunlight conditions
- Outdoor sports activities
- Deep-water fishing
- General outdoor daytime activities
- Daytime driving

Versatile design

Clean and professional styling transitions seamlessly from the worksite to everyday life.

Prescription-ready

Compatible with prescription lenses through authorized optical partners.

WX Bravo combines professional-grade protection, all-day comfort, and understated style for those who demand performance every day.

Weight: 70 grams

WEIGHT (KG): 0.07
