TROUSERS AND SHORTS

XGO PANT UNISEX FLAME RESIST PHASE 2

CODE: XG-2F12V

BRAND: XGO

The **Unisex Flame Resistant Pants XGO FLAME RESISTANT** are designed to provide superior protection against heat and flames, thanks to **Acclimate® F.R.** technology. These pants are made from a **breathable and flame-resistant fiber**, offering reliable protection during operations that require heat resistance. The material is designed to ensure **comfort, safety, and durability** even with repeated exposure to heat.

Main Features:

- **Acclimate® F.R. Technology:** Advanced **Flame Retardant** fiber that remains effective even after repeated washing
- **Composition:** 80% Acclimate dry Flame Retardant **Protex®** fiber + 20% **F.R. Lenzing F.R.**, for optimal resistance and thermal protection
- **Scent Prevent®:** Antibacterial treatment that prevents the formation of unpleasant odors, keeping the garment fresh and hygienic
- **Flat seams:** They do not rub against the skin, improving comfort during wear
- **Advanced breathability:** Quickly removes moisture and keeps the skin dry
- **Extended back design:** Provides extra protection for the back, increasing safety
- **Ideal for the spring season,** offering lasting comfort and effective heat protection

The **XGO FLAME RESISTANT Pants** are the ideal choice for those who need **protection against heat and flames** without compromising **comfort** and **freedom of movement**. Thanks to its innovative technology and high-quality materials, it's perfect for those facing harsh work conditions or for outdoor activities in hazardous environments.
